EXPERIENCE

STRIDE HEALTH
Front-End Software Engineer, March 2022-Present
- Developing health insurance quoting/enrollment platform, built with React.js and TypeScript.
- Implemented a quoting flow for brokers to efficiently process and aggregate clients seeking health plans certified by Healthcare.gov.
- Built a customizable UI to be branded by health insurance partners (including Oscar Health and Allstate) for seamless integration.
- Managed a GraphQL server to facilitate integration with multiple APIs.
- Contributed updates to the broker platform's DynamoDB database to ensure smooth functionality.

THANKVIEW
Front-End Developer, August 2019-March 2022
- Developed and maintained front-end for client-facing web app, built with AngularJS, Vue.js, and Laravel.
- Built front-end WYSIWYG envelope builder with Vue.js for users to create custom visual assets.
- Reworked front-end app's contact management for users to better organize/target their campaign recipients.
- Developed various features to the app's metrics section for users to query specific performance data on their campaigns.

FUIGO
Software Engineer, July 2018-July 2019
- Developed the Fuigo Marketplace, an e-commerce platform to streamline communication and delivery of products between interior designers and industry vendors, built with Vue.js, Node.js/Express.js, and MongoDB.
- Improved Fuigo Marketplace's message center features for real-time communication between designer and vendor personas.
- Implemented new sign-up flows for Fuigo Marketplace based on three different user personas.
- Help with maintenance and administrative features for Fuigo Project Management web app, built with Vue.js and Ruby on Rails.
- Built out an internal feature for Fuigo administrators to better diagnose and debug errors created through user actions.

KATHRYNGOSHORN.COM
Front-End Developer, May 2019-July 2019
- Developed portfolio site for Brooklyn-based artist Kathryn Goshorn to promote her brand and work, built with React.js.

AGENCY 451
Graphic Designer, Multimedia Designer, 2014-2017
- Collaborated with clients (including HP Hood and Appalachian Mountain Club) to design websites, TV/digital ads, and print materials.
